Turn again Gordon

You're isolated!

**Say No to a 3<sup>rd</sup> Runway at Heathrow**

The Tories are listening. Are you?

Since 2002 we've said NO. No to a 3<sup>rd</sup> Runway, 6<sup>th</sup> Terminal, destruction of communities, continued unsustainable expansion of Heathrow. 4 million have joined us. So have the Lib Dems and the Conservatives. Are they are all wrong?

Unlike BAA we believe people are MORE important than profit. It is unthinkable to bury a community under concrete for a 3 Runway which because it will only meet 75% of the expected demand for air travel will be obsolete before it is finished. <sup>i</sup>

How many more communities will you feed to the aviation monster – Harmondsworth, Harlington, Longford, Cranford, Stanwell?

We're delighted the Tories are listening – delighted they've costed a high speed rail scheme as an alternative to a 3rd Heathrow runway. <sup>ii</sup>

Relentless ruthless continued expansion of Heathrow is unthinkable and unsustainable – there IS only so much land the aviation industry can grab.
